

Pediatric Heart Network

Code List I: Associated Anatomic Diagnoses

| Code | Diagnosis |
|--------|--|
| I -100 | Aorta, Coarctation (if not associated with HLHS) |
| I -150 | Aorta, Interruption |
| I -200 | Aortopulmonary collaterals, major - Left lung |
| I -201 | Aortopulmonary collaterals, major - Right lung |
| I -250 | Atrial septum, restrictive |
| I -300 | Azygous continuation of the IVC |
| I -350 | Innominate vein, absent |
| I -400 | IVC, interrupted |
| I -450 | Pulmonary artery, absent - Left |
| I -451 | Pulmonary artery, absent - Right |
| I -500 | Pulmonary artery, branch stenosis - Left |
| I -501 | Pulmonary artery, branch stenosis - Right |
| I -550 | Pulmonary artery, discontinuous |
| I -600 | Pulmonary veins, anomalous - Total, below the diaphragm |
| I -601 | Pulmonary veins, anomalous - Total, above the diaphragm |
| I -602 | Pulmonary veins, anomalous - Ipsilateral pulmonary venous drainage |
| I -603 | Pulmonary veins, anomalous - Mixed drainage, above and below the diaphragm |
| I -650 | Pulmonary veins, obstructed - Left |
| I -651 | Pulmonary veins, obstructed - Right |
| I -700 | SVC, absent right |
| I -750 | SVC, left |
| I -999 | Other associated anatomic diagnosis |
