PHN-02

Form S321: B-Type Natriuretic Peptide (BNP) Result Form

Section A: KEY IDENTIFYING INFORMATION						
A1. Study Identification Number						
Replaced by blinded ID						
blind_id	Blinded ID					
A2. Study visit		STUDY VISIT 3 (Pre-Glenn)3 STUDY VISIT 6 (Age 14 mo)6				
VISIT	[Added version B] A2.	. Study visit				
A3. Specimen co	ellection date					
Replaced by age	at specimen collection					
bspec_age	A3. <created var="">Age</created>	e at specimen collection, days				
A4. Accession nu	umber					
Removed to prote	ect privacy					
	Section B	: TEST RESULTS				
B1. Date sample	received	$\frac{1}{M} \frac{1}{M} \frac{1}{D} \frac{1}{D} \frac{1}{Y} \frac{1}{Y} \frac{1}{Y} \frac{1}{Y}$				
bsampr_age	B1. <created var="">Age</created>	B1. <created var="">Age when sample received, days</created>				
B2. Patient state	at blood draw	CALM1 AGITATED2				
PTSTATES321	[Added version B]B2.	Patient state at blood draw				
B3. BNP assay result pg/ml pg/ml						
BNP B3. BNP assay result (pg		(pg/ml)				
_bnp		ssay result, with -5 & -10 recoded to 4.0 and 8.0				
logbnp <pre> <created var=""> Log(_b 4.0 and 8.0 (pg/ml))</created></pre>		np: small values entered as -5 & -10 recoded to				

BNP Core Laboratory Results Form	Form S321	Version B: 01-10-06	Page 1 of 2

		Pediatric Heart Network	: Infant Single Ventricle Trial	PHN-02		
Form S321: B-Type Natriuretic Peptide (BNP) Result Form						
B4. Date assay completed Replaced by age at assay completion			M M D D Y Y Y Y	(B6)		
bnp_age B4. <created var="">Age</created>			ssay completed, days			
B5.	Reason assay v	was not completed	INSUFFICIENT QUANTITYHEMOLYSISOTHER	2		
NOE	BNP	B5. Reason assay was r	not completed			
B6.	Comments _					
CON		B6. Comments		(END)		
Old	variables from _l	previous version of form	1:			
BNPDONE [Version A only] B2. W		[Version A only] B2. Was	· ·			
NOE	BNP_S	[Version A only] B2c1.	If other, specify
