

YELLOW shading = Update since Version F

Level 1	Level 2	Level 3	Level 4	Level 5				
F1					Balloon angioplasty, NOS			
	01				Systemic artery, NOS			
		01				Thoracic aortic coarctation		
		02				Abdominal aortic coarctation		
		03				Other systemic artery		
	02				Systemic vein			
		01				Superior vena cava		
		02				Inferior vena cava		
		03				Other systemic vein		
	03				Pulmonary artery (PA)			
		01				Main (Trunk)		
		02				Branch		
			01				Central (within the hilar bifurcation)	
				01				Left
				02				Right
				03				Left and right
			04				Left and right including PA carinal stenosis	
		02				Peripheral (at or beyond the hilar bifurcation)		
			01				Left	
			02				Right	
			03				Left and right	
	04					Pulmonary vein		
		01				Left (LPV)		
			01				Upper (LUPV)	
			02				Lower (LLPV)	
		02				Right (RPV)		
			01				Upper (RUPV)	
			02				Lower (RLPV)	
		03				Other		
	05				Conduit			
F2					Balloon valvuloplasty			
	01				Aortic			
	02				Mitral			
	03				Tricuspid			
	04				Pulmonic			
	05				Conduit valve			
	06				Common atrioventricular (AV) valve			
	07				Truncal valve			
	08				Neo-aortic valve			
F3					Balloon septostomy			
	01				Native atrial septum			
	02				Atrial baffle			
F4					Blade septostomy			

Pediatric Heart Network
Code List F: Cardiac Catheterization Interventions

Level 1	Level 2	Level 3	Level 4	Level 5			
F5					Catheter ablation (radiofrequency, cryo, etc.)		
	01				Atrial		
	02				Atrioventricular node		
	03				Ventricular		
	04				Atretic pulmonary valve		
	05				Bypass tract		
F6					Septal occluder		
	01				Atrial septal defect		
	02				Ventricular septal defect		
	03				Patent ductus arteriosus (PDA)		
	04				Fontan fenestration		
	05				Baffle leak		
	06				Perivalvar leak		
F7					Stent		
	01				Systemic artery		
		01			Thoracic aortic coarctation		
		02			Abdominal aortic coarctation		
		03			Other systemic artery		
	02				Systemic vein		
		01			Superior vena cava		
		02			Inferior vena cava		
		03			Other systemic vein		
	03				PA		
		01			Main (Trunk)		
		02			Branch		
			01			Central (within the hilar bifurcation)	
				01			Left
				02			Right
				03			Left and right
				04			Left and right including PA carinal stenosis
			02			Peripheral (at or beyond the hilar bifurcation)	
				01			Left
				02			Right
				03			Left and right
	04				Pulmonary Vein		
		01			Left (LPV)		
			01			Upper (LUPV)	
			02			Lower (LLPV)	
		02			Right (RPV)		
			01			Upper (RUPV)	
			02			Lower (RLPV)	
		03			Other		
		05				Conduit	
	06				PDA		
	07				Atrial septum		

Pediatric Heart Network
Code List F: Cardiac Catheterization Interventions

Level 1	Level 2	Level 3	Level 4	Level 5	
F7					Stent
	08				Other
F8					Coil
	01				Systemic vein
	02				Pulmonary arteriovenous malformation
	03				Aorta to PA collateral
	04				PDA
	05				Atrial septal defect
	06				Fontan fenestration
F9					Other device implantation
F0					Other, device removal
